## Advanced Manufacturing Working Group to Meet December 8<sup>th</sup>

Dear Advanced Manufacturing Working Group Member –

Thank you for your participation in the group. We had a very successful kick-off meeting on October 1<sup>st</sup>, and the Council and Deloitte are currently engaged in a lengthy process of interviews for the updated report. If you have yet to be contacted, and would like to participate, please send me the full contact information for the appropriate individual at your organization (title, phone, and e-mail), and I will ensure Deloitte receives it.

Additionally, [the Working Group will be holding a second in-person meeting on Monday, December 8<sup>th</sup> from 11am-1pm, once again at Deloitte's Boston offices \(200 Berkeley Street\).](#) We will discuss the progress of the research for the updated report, as well as update the group on any movement related to the RAMI Act and other advanced manufacturing legislation/action.

***If you are able to attend the December 8<sup>th</sup> meeting, please [RSVP here](#).*** There is also a call-in option; information regarding the conference call line will be provided shortly before the meeting.

Thank you again for your efforts. If you have any questions, please feel free to let me know. We look forward to seeing you on December 8<sup>th</sup>.

Best,

Chris
