

Committee Update

December 16, 2014

New England Council Financial Services Committee to Meet Thursday, January 15, 2015

Dear Financial Services Committee member –

I would like to invite you to attend a brief meeting on **Thursday, January 15, 2015 at 9:00 a.m.** in Boston to discuss the New England Council's future initiatives and programs related to financial services as we refresh the Council's agenda for the new Congress. This planning meeting will help decide what issues the New England Council should focus its advocacy efforts on in the near future, as well as what kinds of programming the Council should offer in the coming year.

The meeting will be held at the Fidelity Investments offices at 245 Summer Street in downtown Boston, and will last roughly 1-1½ hours. **It would be appreciated if you could kindly RSVP to me at caverill@newenglandcouncil.com or 202-547-0048 before Monday, January 12th**, so that a full list of attendees can be provided to the security desk. As always, please feel free to contact me with any questions or concerns as well.

Thank you for your involvement in The New England Council, and for your work on behalf of the entire region. I look forward to seeing you on January 15th.

Best,

Chris
