

Committee Update

February 2, 2015

**** Reminder – NEC Transportation Policy Committee
Conference Call This Thursday ****

Dear NEC Transportation Policy Committee Member:

Just a reminder that we will be holding a conference call meeting of the Transportation Policy Committee on **Thursday, February 5th at 10:00 a.m.** in order to plan the Committee's agenda for 2015. We expect the call to last no more than 30 minutes. (If you have already responded that you will call in, please note that I have you listed.)

There are a number of "must do" items on the congressional calendar this year having to do with transportation, and we look forward to having the Council lend its voice and help shape the discussion in Washington on items such as surface transportation, FAA, and Amtrak reauthorization. This list is not exclusive, and if you have additional funding or policy items you would like discussed, please don't hesitate to let me know.

The Conference Call Number is as follows:

- **Dial-in Number:** (712) 775-7031

- **Meeting ID:** 899-840-552-#

We look forward to having you join the Transportation Committee on this conference call at 10:00 this Thursday, February 5th. If you plan on joining the call, please let me know, and also if you have any questions ahead of Thursday's call, please feel free to contact me.

Talk to you Thursday!

Peter
